

Process Insights USA

The Engineering Excellence Network . September 30th 2019 in Rochester, Michigan

www.process-insights.us

All Information

Companies you will meet

- AAM
- Alpine Electronics
- APTIV
- BorgWarner
- Continental
- DENSO
- DRS Technologies
- Fiat Chrysler Automobiles
- Ford Motor Company
- General Motors
- Gentherm
- Huf Group
- Irdeto
- Jatco
- KOSTAL
- Lockheed Martin
- Marquardt
- Nexteer Automotive
- SiriusXM
- UTC Aerospace Systems
- Veoneer America
- Yazaki
- ZF TRW
- and many more!

Sponsors & Exhibitors 2019

Time	Track A: Process	Track B: Insights
08:00AM - 08:40AM	Registration & Morning Buffet	
08:40AM - 08:50AM	Welcome & Introduction, Method Park	
08:50AM - 09:30AM	Keynote: Autonomy, AI, and Assurance Paul Nielsen, Director and CEO, Software Engineering Institute	
09:30AM - 10:10AM	Cross-Company Collaboration: Turning Harmonization Pressure into Competitive Advantage Professor Bernd Hindel, CEO, Method Park	
10:10AM - 10:50AM	Challenges of Agile Transformation in Automotive Industry Alena Keck, Agile Enterprise Transformation Manager, Aptiv	
10:50AM - 11:20AM	Coffee Break, Exhibition	
11:20AM - 11:50AM	Global E/E Standards and Model-Based Architecture Design and Development Rick Flores, Technical Fellow, General Motors	Radically Rethinking Engineering Processes Michael Yokell, Deputy Director, Lockheed Martin Teresa McCarthy, QA Engineer Sr Aeronautics, Lockheed Martin
11:55AM - 12:25PM	The future of Software Quality: Understanding the Trends Robert Gormley, Chief Essentialist & Solutions Architect, Trissential / Expleo USA	Managing Complex Systems and Software Development David Rush, Industry X.0 Chief Methodologist, Accenture
12:30PM - 01:00PM	Feature-based Product Line Engineering for the Automotive Enterprise Charles Krueger, CEO, BigLever Software	Our Journey with Stages Alexandra Pop, Process Architect, Marquardt Switches
01:00PM - 02:00PM	Lunch Break, Exhibition	
02:00PM - 02:30PM	Applications of AI in Automotive Engineering Sky Matthews, CTO Internet of Things, IBM	Assessing Performance to Process with Integrated Data Nick Wilmot, Process Project Lead, General Motors
02:35PM - 03:05PM	Adapting the Requirements Management Process to Today's Challenges of Product Variability Pawel Chadzynski, Sr. Director Product Management, ARAS	Nexteer Process Journey: „Stage(s)“ to success Umesh Sambhari, Quality Analyst, Nexteer Shriram Patki, Engineering Manager, Nexteer
03:05PM - 03:40PM	Coffee Break, Exhibition	
03:40PM - 04:25PM	Maximizing Value - The Stages Roadmap for Product Development Processes Erich Meier, CTO, Method Park	
04:25PM - 05:10PM	Panel discussion on Product Development Processes (PDP): Going beyond Systems & Software Craig Brown, Executive Consultant, CIMdata - Alena Keck, Agile Enterprise Transformation Manager, Aptiv William Bolander, Principle Consultant, Method Park - Moderation: Professor Bernd Hindel, Method Park	
05:10PM - 05:15PM	Closing Remarks, Method Park	
05:15PM - open End	Networking and Drinks
